**QUESTIONS**  
you must ask  
of every  
**SCHOOL**  
program

---

1

**Will your student  
be a good fit?**

**Great school programs have built-in goals  
and progress trackers.**

# 2

**Do you agree with the worldview it presents?**

**Every textbook presents a worldview.  
Make sure you agree with the worldview  
your school curriculum presents.**

# 3 Will your student be excited to learn?

The courses should help the student see how their course material applies to the 'real world'.

# 4

**Is it flexible around your lifestyle?**

**The curriculum should be accessible whether it's 2pm or 2am, in your home or at the coffee shop.**

# 5 Is the technology easy to use?

The technology should be state of the art and easy to use for both student and parent.

# 6 Does it offer diverse courses and electives?

Course and elective offerings should be diverse enough to address your students required courses and electives.

# 7 Do the credits transfer easily?

**Before you begin any program, make sure it is accredited and the courses count towards your student's educational requirements.**

# 8

## Does it include STEM courses?

**STEM (Science, Technology, Engineering and Math) courses are bringing sweeping improvements to education. They will develop today's student into tomorrow's contributor.**

# 9 Is it accessible for a student's unique learning style?

Every student has learning differences; their education should fit them like a glove.

# 10

## Is it affordable?

**Online schooling should be affordable without breaking the bank. Many parents opt-in to monthly payment plans.**
